INTERIM GUIDELINES ON ASSESSMENT METHOD FOR GRANTING ADMISSION IN BAMS/BUMS/BSMS COURSE TO PwBD CANDIDATES FOR AY 2025-26

Preamble:

The National Commission for Indian System of Medicine (NCISM) is committed to promoting equitable and inclusive access to undergraduate education in Ayurveda, Siddha, and Unani (ASU) systems for all eligible candidates, including Persons with Benchmark Disabilities (PwBD).

In accordance with the *Rights of Persons with Disabilities Act, 2016* and the *NCISM (Minimum Standards of Undergraduate Education) Regulations, 2022*, this interim report outlines key measures to support the admission of PwBD candidates to BAMS, BUMS, and BSMS courses.

The report highlights essential areas such as disability assessment, eligibility criteria, reasonable accommodations, accessibility standards, and institutional readiness. It aims to strengthen existing systems and ensure a fair, dignified, and inclusive educational environment.

NCISM envisions a diverse ASU medical workforce where every student, regardless of ability, can pursue a career in medicine and serve society with competence and compassion.

1. Introduction

In alignment with the *Rights of Persons with Disabilities (RPwD) Act, 2016*, and subsequent directives—most notably the notification issued by the Ministry of Social Justice and Empowerment (MoSJE) dated 12.03.2024 emphasizing inclusive education and reasonable accommodation—and the Hon'ble Supreme Court's judgment dated 25.10.2024 in *Om Rathod vs. Union of India & Others* (SLP (C) No. 21942 of 2024), a significant shift has been initiated in the national approach to disability inclusion in higher education.

These developments reinforce the mandate for inclusive policies and practices, guiding institutions to adopt measures that ensure equal access and meaningful participation of Persons with Benchmark Disabilities (PwBD) in medical education.

2. Functional Competency Approach

Recent legal and policy developments highlight the shift from rigid percentage-based disability thresholds to a more inclusive, functional competency-based assessment. In response, the National Commission for Indian System of Medicine (NCISM) has adopted proactive measures to address challenges faced by Persons with Benchmark Disabilities (PwBD).

These measures include the provision of reasonable accommodations, revision of eligibility criteria, and adoption of assessment methods that prioritize individual functional capabilities over numerical disability percentages, thereby fostering a fair and inclusive learning environment.

3. Deliberations and Guideline Development

Extensive deliberations were undertaken during a joint commission meeting of the National Commission for Indian System of Medicine (NCISM) and the National Commission for

Homoeopathy (NCH). A consensus was reached to develop comprehensive guidelines centered on functional ability and the provision of reasonable accommodations, ensuring the fair inclusion of PwBD candidates in the BAMS, BUMS, and BSMS programs—without causing undue hardship or exclusion.

This initiative aims to strengthen existing systems, address practical challenges, and formulate evidence-based recommendations to foster an enabling academic environment rooted in dignity, non-discrimination, and equal opportunity. Key focus areas include disability assessment, eligibility norms, reasonable accommodations, accessibility standards, and institutional readiness.

4. Interim Admission Approach for AY 2025–26

The identification and definition of essential competencies for each type of disability is a highly complex, multi-dimensional, and evolving process. It requires careful consideration of a range of factors, including the nature and extent of functional limitations, the role of assistive devices and emerging medical technologies, and the demands of clinical training and patient safety. Striking an appropriate balance between the principles of inclusion and the imperatives of clinical competence and patient care is of utmost importance in the context of medical education.

Undergraduate ASU programs—spanning Ayurveda, Siddha, and Unani disciplines—entail diverse skill sets and clinical requirements that vary significantly across specializations. As such, the development of final disability inclusion guidelines necessitates specialty-specific consultations with medical educators, experts, practitioners, beneficiaries, and other relevant stakeholders. These deliberations will help ensure that the final framework is both inclusive and aligned with professional standards of practice.

In view of the above, the final guidelines—once all procedural requirements, stakeholder consultations, and expert reviews are completed—will be formally notified and implemented from subsequent academic years.

Meanwhile, to avoid disruption and ensure continuity in the admission process for Persons with Benchmark Disabilities (PwBD), an interim admission framework shall be followed for the Academic Year 2025–26. This interim approach will uphold the spirit of inclusion while maintaining essential academic and clinical standards until the comprehensive guidelines are finalized.

5. Functional Assessment of Disabilities

- The earlier numerical disability thresholds are no longer applicable.
- Assessment will prioritize the candidate's functional ability to meet academic and clinical demands of BAMS, BUMS, and BSMS courses.

6. Mandatory Use of UDID Portal

- As per Gazette Notification S.O. 1736(E) dated 05.05.2021 by the Department of Empowerment of Persons with Disabilities (DEPwD), all disability certificates and UDID cards must be issued through the UDID online portal from June 1, 2021 onwards.
- The UDID card is the mandatory and authoritative proof for verifying disability status for NEET UG candidates applying under the disability category.

7. Evaluation Framework Based on MoSJE Guidelines

- Candidate assessment will follow the Ministry of Social Justice and Empowerment (MoSJE) guidelines notified on 12.03.2024.
- These guidelines ensure a uniform, comprehensive evaluation that balances patient safety, clinical competence, and inclusive access

8. Institutional Responsibilities under the RPwD Act

The ASU medical colleges as per the recommendations prescribed under RPwD Act, 2016, shall make maximum efforts in accommodating and facilitating the candidates with disabilities:

- ***Non-Discrimination in Admission and Education (Section 16):***

Institutions must ensure that no student with a disability is denied admission on the grounds of disability and must provide an inclusive education system at all levels.

- ***Infrastructure Accessibility (Section 45):***

Institutions must ensure barrier-free access to buildings, classrooms, libraries, laboratories, hostels, and other facilities as per the standards notified by the Government of India.

- ***Sensitization and Capacity Building:***

Colleges are encouraged to conduct awareness and sensitization programs for faculty, staff, and students to promote an inclusive environment and reduce attitudinal barriers.

- ***Nodal Officer for Disability Affairs:***

Institutions are advised to appoint a dedicated Nodal Officer or establish a Disability Cell to address the concerns and support needs of students with disabilities

- ***Grievance Redressal Mechanism:***

An accessible and responsive grievance redressal system must be in place to address complaints related to discrimination or lack of accommodation.

9. Decision Taken

In the meeting of Joint Commission, both the Commissions unanimously agreed to adopt interim Guidelines for the PwBD category, issued by NMC for admissions for ASU courses in AY 2025-26 to ensure parity and standardization across medical education systems.

- PwBD candidates must submit:
 - A valid UDID card issued by a designated medical authority under MoSJE.
 - Self-Certified affidavits in the format provided under Schedule -1.
 - The candidate will have to approach the designated medical board for verification of their self-certified affidavit.
- Designated Medical Boards (16 designated medical boards) are required to undertake following duties:
 - The competencies mentioned in the appendix under Schedule-I are basic & mandatory. The candidates, to the satisfaction of the designated medical board, may demonstrate the competencies that have been declared by him/her. If the board finds the declared competencies unsubstantiated based on

the candidate's performance, it must issue a reasoned decision declaring him/her ineligible to pursue ASU medical course.

- If the candidate while self-declaring the essential competencies mentions one or more competencies in negative or is not able to demonstrate one or more of the listed essential competencies, the board shall see if he/she is able to compensate such deficits, by other alternative functionalities; and may take a holistic view regarding his capability to pursue BAMS/BUMS/BSMS course.
- The designated medical boards may utilize standardized tests and tools to evaluate the abilities of the candidates, as per their declaration, instead of focusing on the disabilities.
- All decisions of the designated medical board(s) shall be in the form speaking orders.

Admissions will be processed by the counseling authority, based on NEET 2025 scores, institutional preferences, and verification of required documents by the concerned designated medical board(s). ASU Medical colleges will provide accommodations accordingly.
